Dear Dr. Hindley,

Re: Mr. Dominic Eden - DOB 1989-06-25

Hotspur House, 1 Leonard Circus, London, EC2A 4DQ

I saw Mr. Eden in my clinic today, 9 months following unilateral nerve preserving laparoscopic radical prostatectomy for prostate cancer. His PSA is undetectable and he is continent.

I have arranged a followup consultation with him in 3 months time.

With best wishes,

Professor Christopher Eden
